

Elephant Paper Plate Craft

3/15/2021

By: Shelby Hagedorn, COTA/L

The many things you can create out of a paper plate are endless!. Here we have an elephant craft you can make out of a paper plate. This craft targets fine motor skills such as coloring, cutting, holding a writing utensil, etc.; sensory processing for the texture of the plate while coloring and the texture of glue; and executive functioning skills such as following directions.

Materials

- 1 paper plate
- Glue
- Crayons, markers, or paint
- Scissors
- 1 piece of white paper

Instructions:

1. Cut out the top and bottom portion of the plate

2. Color all pieces the color you want for your elephant

3. On the piece of white paper, draw eyes and cut out

4. Glue the eyes onto the large piece of the plate

5. Glue on one of the pieces you cut off from step 1 under the eyes for the trunk

6. Get creative and add whatever features you would like to make your elephant unique.
